

EURO SPLIT

OUR INNOVATIVE TRUNKING RANGE

The next evolution in trunking solutions. Effortless compatibility with industry-leading systems, engineered for performance and ease.

Our well-known EuroPlusPro evolves into EuroSplit, a brand-new trunking solution with enhanced performance and a sleek design.

A large range of models able to cover all types of installation – EuroSplit and ClimaPlus

- Compatible accessories between models and with other brands
- Complete protection film everywhere and high quality packaging
- Customisation service to answer to all your needs

ENHANCED COMPATIBILITY

EuroSplit trunking in the 80 x 60 size is directly compatible with the best known system, making it the perfect choice for installers who want to avoid losses or modifications.

COMPREHENSIVE FEATURES

EuroSplit delivers complete protection with a full-coverage protective film, offering a wide range of dimensions and colours to match any project requirements.

EASE OF INSTALLATION

Experience effortless swapping with EuroSplit, allowing installers to use the same accessories as EuroPlusPro and ClimaPlus without any modifications.

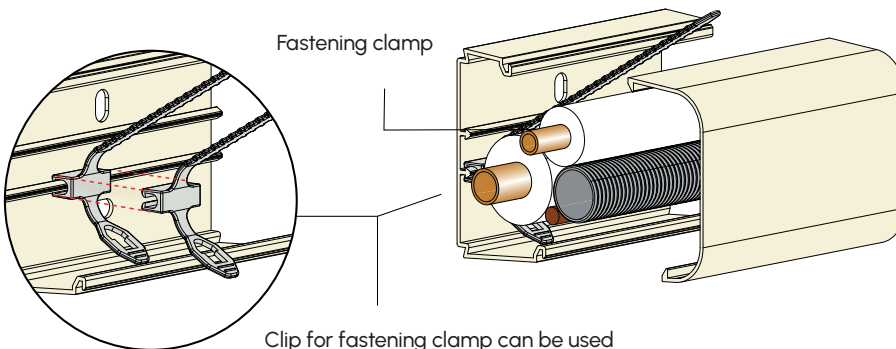

SEAMLESS CONNECTIONS

With reducers, EuroSplit can be connected to a variety of other sizes, ensuring flexibility across your installations.

SUPERIOR QUALITY

Manufactured in Italy, EuroSplit adheres to the highest quality standards, ensuring reliability and long-lasting performance.
