

Aspen Pumps hereby confirms that the following A2L vacuum pump models are deemed suitable for use on systems designed to utilise A3 refrigerants, provided that all special instructions outlined in the product manual are meticulously followed:

CC-141-A2L

CC-231-A2L

CC-31-A2L

JAV-1065-A2L

JAV-1067-A2L

JAV-1069-A2L

JAV-1075

These vacuum pump models have undergone rigorous testing and Aspen certify them to meet the necessary requirements for handling A3 refrigerants. It is imperative that users adhere to the special instructions provided by the manufacturer to ensure safe and efficient operation.

The pumps comply with :

ANSI/ISA 12:12.01 Nonincendive Electrical Equipment for Use in Class I and II, Division 2 and Class I, Divisions 1 and 2 Hazardous (Classified) Locations

For any inquiries regarding the utilisation of these models with A3 refrigerants or further clarification on the special instructions, please feel free to contact us.
