5 YEAR ZERO DOWNTIME WARRANTY

MB EVO Range

The MB EVO range are compact multi meter bags in three sizes. All using the Evo System™ clip to attach bags in the Evo System™ dock, belts, trouser pockets, or magnetically mount to surfaces such as work vans or condensers. Features include Velcro gussets for 180° access, two adjustable elastic straps for securing the meter, five pockets, an internal elastic band for leads, external MOLLE and a low-profile handle.

- Features the Evo System™ clip for attaching the pouch to a larger bag with the Evo System™ dock.
- Sized to accommodate multimeter dimensions up to 305mm x 108mm x 58mm
- Low profile carrying handle for easy transport
- 2 repositionable or removable elastic straps for securing meter for unobstructive use while pouch is open
- Internal elastic strap for storing leads, with a total of 5 internal and external pockets for additional storage. Features external MOLLE for attaching additional items with a belt clip
- Stainless steel tape holder clip hook, clip on 8-inch strap for insulating tape clip, interior magnetic screw catcher and 2 x D Rings
- Attach gussets to limit opening to retain loose contents, or detach enabling pouch to open a full 180°
