5 YEAR ZERO DOWNTIME WARRANTY

MP EVO Range

The MP EVO Range is a compact tool bag in four sizes. It uses the Evo System™ clip to attach bags to the Evo System™ dock, belts, trouser pockets, or magnetically mount to surfaces such as work vans or condensers. Ideal for a balanced load they feature main pockets sized for hand tools. Internal through-pockets accommodate long shank or handled tools, and pen-sized pockets complete the sides of the pouch.

- Features the Evo System™ clip for attaching the pouch to a larger bag with the Evo System™ dock
- 2 Through pockets for long shanked tools
- Low profile carrying handle for easy transport
- Internal elastic strap for storing leads

Part No / Description	Pocket count	Dimensions HxWxD	Weight (empty)	Max. Payload*
