5 YEAR ZERO DOWNTIME WARRANTY

Evo System™
CLIP MAGNET

MPM EVO VPP10951

The MPM EVO is a medium-sized tool pouch designed to accommodate a multi-meter and store a minimal amount of tools. It uses the Evo System™ clip to attach to bags with the Evo System™ dock, belts, trouser pockets, or magnetically mount to surfaces such as work vans or condensers. Ideal for electrical testing the MPM EVO features a large main pocket in the centre designed for storing a multi-meter.

- Features the Evo System™ clip for attaching the pouch to a larger bag with the Evo System™ dock
- 11 vertical pockets
- 2 Through pockets for long shanked tools
- One centre pocket sized for storing a multi meter
- Clip on 8-inch strap for insulating tape clip and 2 x D Rings
- Leather & synthetic fibre construction
- Low-profile carrying handle
- Flush mounted stainless-steel clip providing a durable connection point for hanging tools

Dimensions 215mm H x 178mm W x 128mm D **Weight (empty)** 0.5 kg **Max. Payload** 3.5 kg

When mounted using the magnetic attachment only, the maximum payload capacity is 2.3kg
