

Aspen Pumps – 2026– 01

Release Date 8/20/2026

Revision A

SUBJECT: External Fuse Installation Guidance

PURPOSE	The affected pump models are equipped with an internal 1-amp fuse. As a result, no external fuse is included inside the product box. This bulletin is provided as an FYI for field inquiries. If you still have questions after reading this document, please contact customer service at 320-274-7387 or via email at Technical_Services@malcogrp.com .
AFFECTED MODELS	• FP3420/MGSilent+ Mini Aqua Gen 5 • FP3430/MGSilent+ Mini Orange Gen 5 • FP3578/MGMini White 4.5

INSTALLATION GUIDANCE

Installers should refer to the Mini Split manufacturer's installation guide and applicable local codes to determine whether any additional external fuse is required for their specific installation.

NOTICE

Most installations will require an additional fuse.

If an additional fuse is needed, it will most likely be a 240V – 0.5A fuse and holder, which can be sourced from local hardware stores.

Example Fuse and Holder:
